Introduction

Anadolu University is a contemporary, dynamic and innovative state university founded in 1958. With the Decree Law No. 41 issued on July 20, 1982, the task of Continuous and Open Education was given to Anadolu University, which has a scientific and technological infrastructure. In this context, Anadolu University is the first institution in our country to provide open higher education with the principle of equal opportunity and distance education model in the contemporary sense. Students from different age groups and backgrounds can easily access courses and many printed and digital resources online. Anadolu University Open Education and Distance Education System, which has been operating in the higher education system for more than 40 years; With more than 1 million active students, it is among the leading universities in the world. In addition, our university is a member of the European Association of Distance Teaching Universities (EADTU), the European University Association (EUA), the Asian Association of Open Universities (AAOU), the International Council for Open and Distance Education (ICDE), the European Distance and E-Learning Network (EDEN), Open Education Global (OEG) is a member of the COMSTECH Inter-Islamic Network on Virtual Universities (CINVU).

With the Open Education Faculty, we share our experience in education with the world through high-quality teaching. The Turkish Republic of Northern Cyprus continues to provide higher education services to Turkish citizens living in Azerbaijan, Kosovo, North Macedonia, Bulgaria, Albania, Bosnia and Herzegovina, Romania, Moldova, Montenegro, Serbia, Greece (Western Thrace), Iran, Uzbekistan, Kyrgyzstan, Kazakhstan, North America, Canada, Saudi Arabia, Iraq, United Arab Emirates, Qatar, Egypt, Jordan, Lebanon, Senegal and Uganda and various Western European countries.

Our university's diplomas are recognized by the Turkish Council of Higher Education (YÖK). 06.11.1982 of the Open Higher Education Regulation published in the Official Gazette dated 17860 and numbered 13. In the article, it is stated that "There is no difference between open education students and formal education students according to the same curriculum in terms of student rights, and those who graduate from both paths have equal rights and authorities." Accordingly, there is no difference between those who graduated from formal and open education programs.

Since our students enrolled in Anadolu University Open Education Faculty Abroad Programs are responsible for the same content as the higher education given in Turkey, their diplomas of the relevant program are equivalent to the higher education diplomas of formal students in Turkey.

In the Open Education Faculty, there are higher education programs at the associate degree level consisting of four semesters (2 years of duration) and at the undergraduate level of eight semesters (4 years of duration). Each academic year consists of Fall and Spring semesters. Depending on the Academic Calendar prepared by our university, the Fall Semester usually starts in September and the Spring Semester starts in March. In each semester, students' course success is measured by holding two exams, midterm and final exams. The language of instruction in the Open Education Faculty programs is Turkish and English.

Undergraduate and associate degree programs in the Open Education Faculty are listed below.

You can find detailed information about the programs at globalcampus.anadolu.edu.tr.

All candidates who apply to Anadolu University Open Education Faculty Abroad Programs will become students of Anadolu University after the final registration process is completed, and all kinds of transactions related to them will be carried out in accordance with the current Turkish Higher Education Legislation. These students will not be different from the students in Turkey except for their place of residence, and their requests to be separated from this obligation on the grounds of the legal regulations in their country will not be taken into consideration. Candidates will be deemed to have accepted the provisions of the relevant regulation by making a final registration.

Before entering the application area of the Open Education Faculty of our university, read the explanations below and complete your application according to the explanations.

Selection Exam

Candidates who have graduated from high school or equivalent in the Turkish Education System will be given the right to register if they participate in the Selection Exam and pass the Selection Exam in order to become a student in the Open Education Faculty Abroad Programs. Candidates can register for the program (country) for which they applied for the Selection Exam.

Who Can Apply for the Selection Exam?

Applications will be received according to the educational status, the details of which are stated below.

- Students who have completed their high school or equivalent school education in the Turkish Education system (including those who have graduated from Open Education High School Abroad Programs) or who are in graduation are required to apply.
- Those who have completed their high school or equivalent school education in schools of foreign countries other than Turkey will be able to apply for "Direct Registration with Diploma" and make a final registration directly without taking any exams. During the final registration, in addition to the other documents required for registration, equivalence documents obtained from the Education Counsellors at the Turkish Ambassadors in the region where they live or from the Education Attachés within the Consulates General of the Republic of Turkey will be requested for the diplomas/report cards of the education they have received in the country where they live abroad. It is beneficial for student candidates in this situation to make and finalize their applications for equivalence by September. Candidates in this situation can apply optionally.
- Those who have graduated from a university in Turkey or are students in formal programs in Turkey, and those who have graduated from a university outside of Turkey, one of whose nationality is Turkish and who have received an equivalence certificate from the Council of Higher Education (YÖK) will be able to register within the scope of "Second University Without Examination".
